## THU adopting Letter Grade System from 2019 Fall

To go international in academic settings, Tunghai University starts adopting Letter Grade system from 2019 Fall. Explanation follows below:

1. Teachers may still give scores in percentage scale to students in the coming 2 to 3 years, including freshmen in 2019 (this year) and the ones enrolled before 2019 Fall in the upcoming years of transition.
2. Transcripts of freshmen from 2019 Fall will be presented in Letter Grade and the rankings shall be based on the average of GPA value; students enrolled before 2019 Fall and the ones who started with Letter Grade but later transferring to Percentage system (such as, THU freshmen who had attended other universities and have to be advanced to a higher grade after waving credits taken) will have both grading notations listed on their transcripts; for these, their rankings shall be based on the average of scores in percentage.
3. For Q&A's regarding relevant regulations, please visit THU front-page, click Administrative Service, and then click Office of Academic Affairs for Registration and Curriculum Section where a thorough explanation of [Letter Grade System](#) can be found.
